

## Circular For Grade VIII

*PCOR/2023-24/C00106*

*Date: 14.11.2023*

Dear Parent,

Assalamualaikum,

Orientation and training of our students for a better career has been and will continue to be one of the main objectives of our institution.

Admissions to professional courses are based on entrance examinations like NEET/JEE/EAMCET etc. To compete in these exams, students need to be trained right from an early stage.

In view of the above, the school has been exploring means of additional academic inputs besides the routine classroom teaching.

After attending the demonstration sessions given by '**The Extra Marks**' the company that provides us the software of Smart Lesson. Our staff was of the opinion that SIP (School Integrated Program) produced by The Extra Marks helps students develop the skills they need to develop in the 21<sup>st</sup> Century workforce.

The Program includes:

- Extra Marks – The learning App
- Practice sheets, Test Papers & Assignments
- Recorded lecture of live classes
- Extra Marks – Mental Ability Test (MAT) Live classes
- Doubt Resolution Sessions

All of the above have been developed based on the approach and method of entrance exams that the students will have to face after their senior secondary school.

The said App is being provided free of cost till 31<sup>st</sup> January 2024. Thenceforth a nominal fee will be separately charged.

**Regards**

**Administration**
