### II. ART- INTEGRATED PROJECT

“Children express themselves, imagine, and create without any inhibition through the arts.” The open-endedness and playful qualities of the arts encourage self-expression, intuition, reasoning, imagination, and communication.

CBSE has introduced Art-Integrated Learning to utilize various aspects and forms of art and culture as the basis for learning of concepts across subjects. As a part of the thrust on experiential learning, art-integrated education will be embedded in classroom transactions not only for creating joyful classrooms, but also for imbibing the Indian ethos through integration of Indian art and culture in the teaching and learning process at every level. It is mandatory for the students to take atleast one Art-Integrated Project paired with the state of Jharkhand as defined under **Ek Bharat Shrestha Bharat Programme**.

Therefore, the students have to complete the Projects listed below, during their Vacation and submit the same on the day of reopening to the class teacher. These projects will be uploaded on the CBSE Website.
