

# Azaan International School

Grade: III

Worksheet (2023-24)

Subject: Maths

Name: \_\_\_\_\_ Date: \_\_\_\_\_ Roll No: \_\_\_\_\_ Sec: \_\_\_\_\_

## CH:4 MULTIPLICATION

### CH:5 DIVISION

#### 1. Fill in the blanks :

- a) In multiplication the numbers that are multiplied are called \_\_\_\_\_
- b)  $14 \div 1 =$  \_\_\_\_\_
- c) The answer in division is called as \_\_\_\_\_
- d) Any number multiplied by 0 is always \_\_\_\_\_
- e)  $3 \times 60 =$  \_\_\_\_\_
- f)  $0 \div 30 =$  \_\_\_\_\_
- g) The answer in multiplication is called as \_\_\_\_\_
- h) Any number multiplied by \_\_\_\_\_ is that number itself.

#### 2. Match the following :

- |                   |         |
|-------------------|---------|
| a. 3 weeks        | 120     |
| b. $40 \div 5$    | 0       |
| c. $12 \times 10$ | 21 days |
| d. $234 \times 0$ | 8       |

#### 3. Solve :

Number of groups = \_\_\_\_\_

Number in each group = \_\_\_\_\_

Add repeatedly = \_\_\_\_\_

Number in all = \_\_\_\_\_

#### 4. Mark the dividend, divisor, and quotient

$$\begin{array}{cccc} 40 & \div & 5 & = & 8 \\ \downarrow & & \downarrow & & \downarrow \end{array}$$

\_\_\_\_\_

5. For each multiplication fact write 2 division facts:

a)  $6 \times 8 = 48$  \_\_\_\_\_

b)  $7 \times 3 = 21$  \_\_\_\_\_

6. Solve using repeated subtraction:

|   |   |
|---|---|
| <p><b>A) <math>25 \div 5</math></b></p> | <p><b>B) <math>36 \div 6</math></b></p> |
|---|---|

7. Use the multiplication and fill in the blanks :

How many spider legs are there in all?

\_\_\_\_\_  $\times$  \_\_\_\_\_ = \_\_\_\_\_

8. Divide using the number line and repeated subtraction:

$$9 \div 3$$

9. SOLVE

72 peoples can sit in one train compartment how many people can sit in a train with 15 such compartment?

10. MULTIPLY REGROUP IF NEEDED:

A)  $127 \times 3$

B)  $121 \times 8$
